## Mobile Station Field Health Testing Station

The perfect solution for mobile and pop-up medical facilities of all kinds, including COVID-19 testing stations. Indoors or out, they maximize productivity with 8+ hours of continuous mobile power, while allowing medical personnel to work at safe distances and access complete scanning, printing and data retrieval hardware..

## Features / Benefits

- Keep your people safe distances apart by enabling "personal" mobile printing, scanning, computing, etc.
- Maneuverability: 5" or 8" rugged casters accommodate use in parking lots, on gravel, or uneven surfaces
- Easy Wipe Down: Antimicrobial HDPE adjustable shelves can be easily disinfected
- Indoor Uses: Pop-up triages, remote wings in hospitals, hotels, convention centers and more
- Outdoor Uses: Streets, parking lots, tents, Mobile Drive -Thru
- Access Data / Print Wrist Bands / Print Labels / Paperwork & more
- Scan / Test / Print Labels, Paperwork & more
- Mobile Admission / Discharge Stations
