# ONLINE DISPLAY SOLUTION

**Honeywell**

**Pointy**

## Helping independent stores in the fight against CV-19

Pointy and Honeywell have partnered together to bring visibility to your products available locally! Just connect a Pointy box to your Honeywell Voyager 1470 Scanner and you are ready to go. Get your products online instantly bringing more customers through your door.

### Features & Benefits

- People are being asked to limit unnecessary journeys, only visiting stores to purchase essential items.
- Provides retailers with an easy way to display their in-store inventory on Google.
- Customers searching on Google can check if the product they need is in stock before visiting the store.
- Limits unnecessary journeys, limits phone calls, and limits time spent idly browsing in the store.
- It isn't an e-commerce solution; instead it helps shoppers find products and stock availability in physical stores.
