

COVID-19 Solutions

RESTAURANT CARRY OUT OR LINE BUSTING

MOBILE SOLUTION

PRODUCTS INCLUDED:

- Zebra TC57 Mobile Computer with Cellular
- Zebra Mobile Receipt Printer
- SpacePole Mobile Payment Sled for TC5x
- Ingenico Payment Terminal

Make Carry Out and Curbside Pickup Easier

This solution is comprised of a Zebra mobile hand-held computer with a Zebra mobile receipt printer partnered with SpacePole's adapter and Ingenico's terminal to make a mobile solution that can be used for carry out/curbside pickup as well as line busting solutions. This can be used in restaurants as well as grocery and any location that desires a mobile pickup or linebusting solution (in-store grocery as well as drive-thru locations like fastfood)

Features & Benefits

- Rugged solution for carry out/line-busting solutions
- Android ready, so compatible with most PoS software
- Ability to take credit card payments
- This particular mobile handheld features cellular capabilities should WiFi not be available or too distant from the primary location
